

Thank you for choosing idbasolutions.  
idbasolutions.com

Run idbasolutions using database user idbasol or a similar database account as outlined in documents Database grants requirements for idbasol at <http://www.idbasolutions.com/joomdocs/DatabaseAndSystemRequirements.pdf>

Unless you are running the demo or light version, failure to execute all steps outline in **Database Requirements** will cause idbasolutions startup to fail.

To start the app execute the green idbasol icon shortcut or execute:  
[C:\idbasol\Runidbasol.bat](#)
